You're awesome John. Thanks so much. I wanted to give everyone time to plan with holidays coming up and make sure that we were covered.

Also – Monica said that if we needed a fill in for 11/16, that Matt Loesel could cover the phone for you during the day, like we did for Gary last week if you wanted to go that route.

Thanks again. You guys are really great. (Leonard is super awesome too. You're going to love it)

Tuesday 11/20 I can do. There was a chance that we would travel somewhere but that's a no go. If needed let me know so I cancel my AL and seek other arrangements if my truck is still in shop

Hey guys,

I know we had discussed some temporary OSC coverage at FJ Doyle in Leonard, but I wanted to reach out to you guys one more time to confirm. Please let us know if you can help out these two dates.

11/16 – This Friday – Gary is on leave and I'd planned to be at the site, but came down with strep throat. Just in case one of the kids comes down with it as well, I wanted to see if either of you were available as a back up.

11/20 – Martin – I thought you said you might be available, but I wanted to confirm with you and/or Steve. Gary is on response duty this day as well and this is our last day of site work before the holiday break.

Please us know. Thanks.
